CLINICAL EXPERIENCE

- Licensed Psychologist** April 2013- Pres
Asheville Integrated Behavioral Health, PC
Asheville, NC
Clinical psychologist in full-time private practice, providing evidence-based treatments to adults. Psychotherapy modalities include: Cognitive Behavioral Therapy, Acceptance and Commitment Therapy, Compassion Focused Therapy, Dialectical Behavioral Informed Therapy, Functional Medicine psychoeducation, Gottman Method, mindfulness-based interventions, Motivational Interviewing, and cognitive rehabilitation techniques. Clinical practice also includes neurofeedback and biofeedback (HRV, GSR, HEG). Neuropsychological Assessment services also available. Primary clinical population includes those with chronic medical illnesses, chronic pain, health related anxiety, neurocognitive impairments, trauma disorders, as well as mood and anxiety disorders and substance abuse. Currently on insurance panels for Blue Cross Blue Shield, Medicare, Aetna, MedCost, and Tricare.
- Licensed Psychologist** Nov 2012 –Jun 2016
Blue Ridge Neuropsychological Associates, PLLC
Asheville, NC
Clinical psychologist conducting in-depth and brief neuropsychological assessments to various adult patients referred for evaluation of cognitive and personality functioning. Frequently seen disorders include: dementia, cerebrovascular accidents, traumatic brain injuries, neurodegenerative disorders, as well as chronic health concerns. Previously on insurance panels for Blue Cross Blue Shield, Medicare, and Medicaid.
Chief of Staff: Mark Hill, PhD
- Licensed Psychologist** Jan 2012 – April 2013
Cognitive Behavioral Therapy Center of WNC, PA
Asheville, NC
Full-time clinical psychologist in outpatient group practice, providing evidence-based treatments to adults and children. Psychotherapy modalities include: Behavior Therapy, Cognitive Behavioral Therapy, Acceptance and Commitment Therapy, Dialectical Behavioral informed therapy, Motivational Interviewing, mindfulness-based interventions, biofeedback, and neuropsychological assessment. Principal clinical populations include mood and anxiety disorders, substance abuse, trauma disorder, marital problems, chronic pain, and neuropsychiatric impairment.
Chief of Staff: Trent Codd, EdD

Postdoctoral Fellow (APPIC member)

Chronic Pain Management Program
Kaiser Permanente, San Francisco, CA

Sept 2010 – Sep 2011

Postdoctoral fellowship in chronic pain management and health psychology with ethnically diverse patient population in outpatient setting. Primary duties include: weekly day treatment for deconditioned chronic pain patients, weekly psychotherapy/physical therapy groups for chronic pain and migraines, individual and group biofeedback (GSR, EMG, temperature, HRV, HEG, CO₂), multidisciplinary intakes, clinical hypnosis, relaxation/mindfulness training, and medication management groups. The clinic is multidisciplinary and includes weekly interface with physicians, pharmacists, nurses, physical therapists, acupuncturists, and other support staff. The training program includes weekly didactics on psychophysiology/psychotherapy topics and supervision sessions in order to meet all state licensure requirements. The program was awaiting its APA accreditation evaluation.

Orientation: Cognitive-Behavioral Therapy
(40 hrs/wk; 1950 Hrs Total)

Supervisor: Grace Chow, Ph.D., Licensed Clinical Psychologist

Chief Intern (APA Accredited)

George E. Wahlen VA Healthcare System
Salt Lake City, UT

Jul 2008-Jul 2009

Predoctoral internship in clinical psychology serving a diverse veteran group on inpatient and outpatient, medical and psychiatric settings. Primary rotations included: inpatient psychiatry (two rotations), primary care clinic, pain and palliative care, physical medicine and rehabilitation, post-traumatic clinical team, and outpatient neuropsychological assessment. Duties included: diagnostic interviews and verbal communication/documentation of results in fast-paced medical and psychiatric settings, representing psychology service on trans-disciplinary treatment teams, evidence-based individual psychotherapy (Acceptance and Commitment Therapy, Motivational Interviewing, Prolonged Exposure), structured clinical interviews (Clinician Administered PTSD Scale), psychotherapy groups (Yalom-style interpersonal process, Acceptance and Commitment Therapy, Operation Iraqi Freedom/Operation Enduring Freedom readjustment), psycho-educational groups, neuropsychological assessment, rehabilitation neuropsychology, personality assessment, decisional capacity assessments, assistance with involuntary committal in primary care setting, hospice and grief counseling, progress reports, interdisciplinary case conferences, presentations, and didactic participation. Additional duties as Chief Intern included: training program development and evaluation, administrative assistance to future intern group, and liaison between interns and psychology staff.

Orientation: Diverse; primarily Acceptance and Commitment Therapy

Director of Training: Kim Sieber, Ph.D., Licensed Clinical Psychologist (40 hrs/wk; 2000 hrs total)
